CAPITAL GAMES

**Have you ever been interested in
the Stock Market?**

There is a (web) app for that!

CAPITAL GAMES

Are you a:

Student of business/economics?

Novice who wants to learn about the stock market?

Interested in a friendly, socially driven stock market fantasy league with responsive, portable design and tutorials?!

YOU should be a Capital Gamer!

CAPITAL GAMES

What is it?

*The purpose of Capital Games is to present an approachable, dynamic, and **responsive** multiplatform fantasy stock market league environment.*

Highlights over other fantasy systems:

- Responsive Design
- Approachable for all skill levels
- Dynamically updating company data
- Social interactions

CAPITAL GAMES

Our vision for future development:

- \$ A fully functional tutorial feature that initiates upon user registration.
- \$ A portable, aesthetic, and responsive design that can be used in phones, tablets, and other portable devices.
- \$ A fully featured dashboard with dynamically updating statistics in the form of Highcharts and data that loads asynchronously via Ajax!
